

Ken Paris Report - July 25, 2006

Thank you to everyone who supported me in my campaign and thank you to the residents of Delran that supported me on Election Day.

I feel your tremendous support emphasizes the need for change.

- I want to ensure that every dollar is being spent wisely.
- Any concern that a resident may have, will be looked into.
- I will bring checks and balances to the problem solving process here on council. After just a few meetings, I feel there needs to be a voice that speaks directly for the residents.
- I will fight to create true non-partisan representation on the boards and authorities.
- We all know that there is no quick fix for the property tax problem; I assure you that I will always remember that I was elected because the vast majority of residents feel trapped by the property tax burden. I will work as hard on this problem as I worked on my campaign.
- Where people, especially our seniors, are being unfairly burdened, I will be their advocate.
- Where change is needed, I will fight for that change.
- But, I will need your help.
 - I need you to send me your information or questions. You have access to me via the township website, Delran.net or just call me.
 - Come to Council meetings. Go to the planning board, zoning board or Sewerage Authority meetings. Take an hour a month to get to know your town.
 - Most importantly, stay involved. Join the:
 - Athletic Association
 - your Home Owners Association
 - Delran's Environmental Advisory Agency
 - or any other organization that brings you in contact with your neighbors.

The more you become involved, the more your input will benefit you and all of the residents of Delran.

Help me to help Delran become an even better place to live and work.

I look forward to working with my fellow councilman to bring about the change that the people are demanding.

Thank you again, everyone.
